### **Chuck McClellan Introduces McClellan Tesar Reynes, LLC To Business Community and Friends during Celebratory Reception**

(Chicago, IL) April 17, 2006 – Charles “Chuck” McClellan recently entertained more than 75 current and former business clients, executive search candidates, family members and friends at an elegant reception to launch his new company McClellan Tesar Reynes, LLC. Held at a West Loop art gallery, the after work reception served as the official introduction of the newly formed executive search firm that specializes in diversity and integrated marketing communications

Mr. McClellan, who is president and managing partner of McClellan Tesar Reynes (MCCTR), was joined by his two partners, Bob Tesar and Tony Reynes. They welcomed their guests and provided background on the new company. Strategically partnered with Tesar Reynes, a 20-year old search firm founded in Chicago by Mr. Tesar and Mr. Reynes, the new company will have the advantage of more than 60 years of combined leadership and knowledge in the executive search field for marketing communications professionals. McClellan Tesar Reynes recruits, counsels and places qualified applicants in middle to upper management positions in a wide range of corporations and advertising, public relations, direct marketing, sales promotions and marketing communications agencies. MCCTR also focuses its search expertise on diversity to help businesses reflect the full spectrum of America in their workplaces.

Waiters served delicious hand passed hors d’oeuvres while the wine and champagne flowed abundantly throughout the evening. Beautiful spring flowers in shades of purple and green adorned the centerpieces and bud vases. Guests had the opportunity to view a new gallery exhibit and several lucky guests also won prizes such as restaurant gift certificates, an art catalogue and bouquets of flowers when their business cards were selected at random during a raffle.

“It was our goal to host a fun event that would serve as a sincere ‘thank you’ to our many business associates and friends who have supported us in this new endeavor,” said Mr. McClellan. “We also want everyone to know that the doors to McClellan Tesar Reynes are officially open,” he added.
